Dear Tim,

As we prepare to open our grand new production center I wanted to personally tell you how please we are with the efforts of UHL Construction. From the ground-breaking to completion, your organization was professional, cooperative and pleasant.

We feel it is very unusual to do a project of this magnitude and to stay on schedule as well as avoid unnecessary delays and disputes. The leadership provided by yourself and your foreman allowed us to focus on our first priority of a useable facility while feeling assured that you had the project in control. The end result a beautiful, quality building.

We hope that you are as proud and pleased with the final results as we are at the Eagle Printing Company.

Sincerely,

Ronald A. Vodenichar
